COMMUNITY PROJECTS (south Kanara) - Distribution of shor term loans to ryots for the purchase of seeds and manmur for the fourth year - Allotment - Request.

-o-

A sum of Rs. 3 lakhs was provided in the Overall Programme this Project for granting short term loans to Agriculturists or the purchase of seeds and manmure during the 3 years of e Project period. Out of Rs. 3 lakhs a sum of Rs.2,51,760/- as already been drawn and disbursed as loans and the balance vailable on 30-6-1955 was Rs.48,240/-. This would be entirely pent within a month or two. The Project period has been extended y one more year, that is, till 30-9-1956. There is no allotment or granting loans during this year. A large number of applica-tions are expected during the coming year also. Powers of Revenue nd Agricultural Officers have been ousted in as much as grant f loans in Community Project areas is concerned. The ryots ave not other means of getting loans if it is not made available rom the Community Projects. Further, there is a stock of ~~40~~ 200 ons of chemical fertilizers in this Community Projects and this an be disposed of only by way of granting loans. It is estimated hat at least a sum of Rs.50,000/- would be required for granting oans during the coming year.

2. Out of Rs.20,25,000/- allotted under irrigation in the chematic budget for this Community Projects, sanction has so far been ecorded for expenditure to the tune of Rs.17,10,000/- as shown elow:

Loans for pumpsets	Rs. 1,50,000/-
Loans for Agricultural implements . .	Rs. 10,000/-
Loans under L.I.L. and A.L. Acts . .	Rs. 50,000/-
Amount allotted for Rural Electrification.	Rs.15,00,000/-
TOTAL	Rs.17,10,000/-

P.T.O.

I have separately submitted a report for an additional allotment o Rs.5),000/- from 'Irrigation' funds for granting loans to ryots fo the purchase of pumpsets and Government Orders are awaited. Even hen there is provision under 'Irrigation' and a sum of Rs.5,000/- now required for granting loans to ryots for the purchase of seeds and manure can be met out of Irrigation budget, if the allotment under 'Irrigation' can be diverted for the purpose. I therefore submit that a sum of Rs.50,000/- may be diverted from out of Irri tion budget and may be ordered to be utilized for granting loans f the purchase of seeds and manure. If this can not be done a sum of Rs.50,000/- may be allotted from out of the allotment of Rs.50 lakhs made in G.O.Ms.No.189 dated 16-5-1955 for the purpose stated above. This allotment will be necessary to dispose the stock of Triple Super Phosphate now with the Community Project.
